SUBJECT: COMMUNITY CAPITAL PROJECT REVIEW – POTENTIAL FUNDING ALLOCATION
FROM THE CARES ACT FOR LOCAL CHAPTERS

I'm requesting to meet with each chapter officials either by teleconference or properly coordinated in-person meeting.

The purpose is to start mapping and review all capital projects for our community.

With the multi-million dollars the Navajo Nation received, there should be a plan to push for capital projects like;

1. Powerline
2. Waterline
3. Telecommunication
4. Agriculture
5. And other projects allowable to utilize the funds

While the legislation is going through the process for final approval, I recommend for local chapters to have the project ready for construction and develop a position statement.

Please provide me a day next week to have an in-depth discussion regarding this request.

Thank you.
